Army Eleven Again Chosen No. 1 Grid Team of Nation

Alabama Gets One First Place Vote, Edges Navy for No. 2 Spot; Bucks 12th.

By The Associated Press
NEW YORK, Dec. 4.—Army's eleven has been named the No. 1 college football team of the country for the second year in a row.

In defeating Navy decisively, 32 to 13, Saturday for their 18 consecutive victory over two seasons, the Cadets convinced 115 of 116 experts who voted in the final Associated Press rating poll of the campaign that they stand in a class by themselves.

Harold Harris of the Knoxville, Tenn., News-Sentinel, continued to rate Alabama above the all-winning young generals.

His first place vote for the Crimson Tide lifted the Rose Bowl guests into second place behind the Army with Navy dropping to third place by a lone point.

Awarding 10 points for each first place vote, nine for second, etc., Alabama compiled 942 points, Navy 941.

Indiana's Big Ten champions

Snatches of Sports

By HUGH FULLERTON JR.

Associated Press Sports Writer

COLUMBUS, O., Dec. 4.—Leslie O'Connor's final task as baseball's handy man is to compile a "book" of the late Commissioner Landis' more important decisions—a sort of "common law" of baseball.

And some of the wiser geniuses gathered here for the annual minor league conclave will tell you nothing will be done about revising baseball procedure until Leslie finishes that task about Jan. 1.

They may decide to do just the opposite of what the Judge ruled, but they can't even do much about that until they find out what he did rule.

Convention Chatter

Don't look for any big player deals this week. Consensus is that the clubs overstocked with talent—notably the Cards, Yankees and Dodgers—will try to sell the surplus for cash and that the buyers will be cautious.

Schoolmaster Branch Rickey staged a five-hour blackboard drill Sunday night for the benefit of his cover of farm club operators. Story here was that it was a \$10,000 boost in salary that induced Billy Southworth to switch from the Cards to the Braves. What ever became of the talk about ousting Judge Brannan as head of the minor leagues? His position may be stronger than ever after this week's meetings.

Today's Guest Star

Bill McKee, Ashland, O., Times-Gazette: "Coach Bill Lange's Mt. Vernon High football team won only one of nine games this season. At the annual banquet, Mt. Vernon fans gave Bill a shotgun. Is he supposed to take the hint?"

Cleaning the Cuff

Xavier U. of Cincinnati, planning to resume football next fall, would like to get Lt. Phil Bucklew as coach. Phil is the old Cleveland and Columbus pro star who holds two Navy crosses, the Silver Star and the Croix de Guerre for his scrapping in Europe and more recently has had the task of keeping Shanghai merchants from fleeing American service men.

JIMMY DOYLE NIPS JENKINS' COMEBACK BID IN FOUR ROUNDS

Californian Sets Sights on Welter Crown After Decisive Win in Cleveland.

By The Associated Press

CLEVELAND, Dec. 4.—California's Jimmy Doyle leveled his fists on a world welterweight championship match today after nipping the comeback bid of former lightweight titleholder Lew Jenkins of Muleshoe, Tex.

The classy Irish-Indian scored a technical knockout over Jenkins after four rounds of a scheduled 10-bout fight. Doyle, 26, of Brooklyn, flattened Jerry Bertinaume of Montreal in the second heat of a Christmas fund-raiser slated for 10 rounds.

Nearly blinded by blood gushing from four cuts near his left eye and another on his nose, Jenkins was declared by Boxing Commission Physician Dr. A. P. Hagedorn unfit to continue the battle after the fourth round. Doyle weighed 148, seven pounds more than Jenkins.

Doyle won every round with slashing lefts and rattling rights. Paunchy Muriello packed too much punch for Bertinaume in the second half of the double bill before a crowd of more than 13,000 that paid \$71,000.

The Canadian was counted out at 2:05 by Referee Jack Dempsey, the former Manassas Mauler.

LeRoy Jackson, 122, of Cleveland gained an unpopular split decision over his hometown opponent, Leo Garrett, 138, in an eight-round semi-final.

Irish Billy Walker, 159, of Portland, Ore., floored Augie Fieishour, 153, of New York six times to take a six-round decision; Billy Miller, 133, of Pittsburgh, defeated Bobby Root, 139, of Cleveland in six rounds and Bobby LaLonde, 137, of Detroit, outpointed Rudy Zadel, 137, of Barboursville, in the six-round curtain-raiser.

OWU Opens at Home Tonight

Bishops Tackle Denison After Bowing 58-36 at Berea; District Stars on Squad.

Ohio Wesleyan's Bishops will play their first home basketball game of the season against Denison cagers at Delaware tonight. They opened the season Saturday with Baldwin-Wallace at Berea, bowing 58 to 36.

With the team are Dave Patterson, guard, of Cardington; Dick Burkholder, guard, of Mansfield; Ed Lake, guard, of Sunbury; Don Fry, center, of Radnor, Burkholder has had college experience while the others have three to four years high school experience.

This season will mark Athletic Director George Aubrey's first season as head basketball coach. Although he himself starred at Michigan State and was head basketball coach there for six years, this will be the first time in his 25 years at Wesleyan that he has coached basketball.

Ohio Wesleyan's schedule follows, games at home unless shown otherwise:

Dec. 4, Denison; Dec. 8, Akron; Dec. 11, Wooster; Dec. 15, Oberlin; Dec. 17, Kenyon; Dec. 19, Oberlin; Dec. 21, Kenyon; Dec. 22, Baldwin-Wallace; Dec. 23, Ohio U.; Dec. 24, Akron; Dec. 25, Capital; Dec. 26, Case; Dec. 27, Capital, Columbus.

Feb. 2, Ohio U.; Feb. 5, Kenyon; Feb. 9, Case; Cleveland; Feb. 12, Wooster; Feb. 16, Capital; Feb. 19, Denison, Granville.

McMillen, Roecker Cagers

Keep Lead in County Loop

McMillen Feeds and Roecker's Bakery kept their records clean of losses, while J. D. Bain Store of Prospect and Isaly Dairy racked up their first wins Monday night in the Marion County Independent cage league at the Y. M. C. A.

Before a good sized crowd, Isaly won a hard fought game from Bain in an overtime game, 30-28. Jack Burns threw in a middle distance shot from the side of the floor with 10 seconds to go in the overtime period to win for his team.

Prospect defeated Kirkpatrick in a rough contest 24-15. Kirk rallied in the third quarter to score 10 points and cut the margin to 14-17, but were unable to continue the pace in the last quarter.

McMillen Feeds ran up a 30-3 lead in the first half, but were

outpointed in the second half by a fighting Cochran family team.

Roecker's Bakery and the Universal Cooler battled on even terms for the first half, but in the fourth quarter Roecker's could not miss.

Trade Winds Calm at Minor Loop Parley

By HAROLD HARRISON

AP Sports Writer

COLUMBUS, O., Dec. 4.—The trade winds were calm today at the 45th minor league baseball convention with 1000 hunters and traders talking only on terms of hard, cold cash.

Most of the delegates to the convention, which won't open officially until tomorrow, insisted they were interested only in selling ball players. As a result, the meeting is expected to happen in the next week and perhaps it may even later before they get around to exchanging players.

Let's of Questions

The convention will consider such questions as:

An amendment which might make W. G. Brannan, the head of all minor leagues, the final ruler in all differences in the minors and take away from Commissioner A. B. (Happy) Chandler the right to throw out all legislation he considered "deleterious to baseball."

The next biggest problem seemed to involve present Class AA leagues—the International, the Pacific Coast and the American Association—and one of the two

Class A leagues—the Southern Association and the Eastern Association.

The three Class AA leagues already have voted for Class AAA.

The Southern Association, now has seven clubs, but is due to have into Class AA.

Now the Pacific Coast league wants major league status and the American Association wants to be a Class AA league.

Other than that the situation seemed something like this:

At least 31 leagues are ready to operate next season as compared with 12 last year.

The American Association voted to operate on a four-trip season next year with the eastern clubs sort of fodder.

Alfalfa is probably a Spring version of the Arabian word for "know out legislation," which means the best sort of fodder.

Here's one of two men whose future should interest you.

Yesterday, this fellow was an American fighting man.

Today, he's an ex-soldier—wondering what kind of a future he'll find in the country he fought for.

We've all agreed that his future interests us—that we have an obligation here. Loans, education, a chance for a decent job—they're not too much to give a man who had the tough and of this war.

The way to discharge your obligation to this fellow is to buy extra Bonds in the Victory Loan. And the nice part of it is that, when you do this, you're taking care of another fellow's future, too.

You're making sure that you, yourself, will have a financial anchor to windward. You're putting your money to work, earning more money for you. You're making sure you'll have extra cash, in a few short years, for the things you want.

For the ex-soldier's sake, and for your own, buy all the Victory Bonds you can.

Following the Victory Loan, the sale of U. S. and G. U. Savings Bonds will continue through regular authorization agencies and through the Payroll Savings Plan.

Rams Youngest Team To Be in National Pro League Final

The Associated Press
CHICAGO, Dec. 4.—Cleveland Rams, with 17 wins on their roster of 33, probably are the youngest team to reach the National League playoff for the world gridiron title. The team, coached by George S. Benson, the Arkansas coach who leads the league in wins on pass receptions, is made up of rookies and veterans. The team's roster includes: quarterback, Bob Stenerson; halfback, Don Hutson; fullback, Fred Gehrke; end, Ray Hamilton; tackle, Al Leland; guard, Andy Smith; center, Andy Smith; defensive back, Bob Stenerson; defensive end, Don Hutson; offensive back, Fred Gehrke; offensive end, Ray Hamilton; offensive tackle, Al Leland; offensive guard, Andy Smith; offensive center, Andy Smith.

CLEVELAND BOWLER TOPS CHICAGO MEET

By The Associated Press
CHICAGO, Dec. 4.—Walter Ward, veteran Cleveland bowler who has been a strong contender for the national title for several years, today led 139 kegling stars at the end of three days of firing in the fifth annual all-star tournament. The 48-year-old Cleveland sharpshooter had a three-day, 18-game total of 3,702, picking up 1,259 pins in yesterday's block to pass P. W. Therman, Gibson, the Detroit soldier who led the pack during the first two days. Gibson has 3,680 for his 16 games, good enough for the runner-up spot. The field of 139 will conclude the four-day qualifying test today in another six-game block. In the special match for \$1,000 being held by the seeded quartet, Joe W. Ryan of Bensenville, Ill., was on top with 3,656. Buddy Bonar, Chicago, last year's champ, was in second place with 3,545.

(Continued from Page 1)

be settled without a fact-finding board, he was asked. "I hope so," Anderson replied. Union officials emphasized a final decision on the President's plea for immediate resumption of work would be left to the 175,000 strikers.

Defending the GM strike as "sound, legal and moral," UAW-CIO President R. J. Thomas said he was "not sold" on Mr. Truman's proposal to end the stoppage and abide by the recommendations of a government fact-finding board.

Accuses GM

Thomas said the President should know that General Motors had not cooperated on collective bargaining and has rejected conciliation, mediation and arbitration. Such a board, he added, could easily be "packed" in either direction.

The union summoned the more than 200 delegates to its national GM conference to meet in Detroit Saturday. The President's proposal will be laid before them, Thomas said.

Thomas and Reuther conferred at Pittsburgh today with Philip Murray, president of the CIO and also of the United Steel Workers. At New York City, E. Wilson, GM president, declined comment on the Chief Executive's proposal.

Thomas said a letter accepting Wilson's proposal for reopening some of the GM plants to produce parts and accessories for dependent and rival manufacturers was written by the union's publicity staff and not by him.

He said he would not have agreed to the offer at least until a complete study of the parts situation had been made.

To Be Named Soon

The White House said today the President's appointment of members of a fact-finding board in the General Motors case would be made within a day or so.

Press Secretary Charles G. Ross told a news conference appointments in the steel case would follow, but did not indicate how soon.

Ross, in response to a question, said he did not know whether the President would submit to the fact-finding board the evidence on which he based his recent speech contending that a substantial part of industry could raise wages without interference with the price structure.

At Pittsburgh President Truman's labor legislation proposals were discussed today by high officials of the CIO, auto, steel and electrical workers unions.

After the meeting Philip Murray, president of the CIO and the United Steel Workers, told reporters he had no comment.

Board Decides To Resubmit School Issue To City Voters

Bond Proposal, Once Defeated by 23 Votes, To Be Offered Again After Reexamination.

Decision to again submit to Marion voters a bond issue for the improvement of the public school system was reached at a meeting of the city board of education yesterday.

Attending the meeting were representatives of the Marion Civic Planning group which sponsored the \$1,938,000 school bond issue defeated by 23 votes in the election Nov. 6.

It was the decision of board and planning group members to resubmit the proposal "at the earliest practicable time." However, it was not definitely determined whether to request a special election or wait for the May primary.

This will be determined by progress made by members of the two groups in re-examining the school program and perhaps re-drafting some phases.

Representative of the planning group present were J. B. Bray, Ellis Otter, U. A. Nystrom and J. G. Lytle.

Proposal Studied

Decision to place the school program before the citizens again following its defeat last month came after the two groups, in a lengthy discussion, viewed the situation from every angle, and major factors influencing their decision were the present and urgent need for better school housing, the present lack of a protective health and safety program and the advancement of education of the youth of the city, and the fact that such a definite majority of voters expressed favorable interest in the proposed program.

Both groups have been and are studying the school housing situation in an effort to determine just what program should be presented, when and how it will be done. The recently proposed school program is being re-examined at present and further action will depend on what plans are arrived at.

Business before the board of education included renting of the Army for the basketball season; approving the use of the Edison gym by St. Mary Parochial High school basketball team for home games; acceptance of the resignation of Joe Petrich as head football coach and his return to his former position as assistant football coach; and the naming of George Norm as head football coach at Harding High; resignations of several faculty members and appointments to vacancies.

Resignations Accepted

The following resignations were accepted: June Thomson, Esther Hardie, Eleanor Hampshire and Evelyn Hunter. Appointments recommended by Supl. E. E. Holt and approved by the board included Clark Knuts, on leave of absence for service in the armed forces; Central High school; E. A. Roth, distributive education at Harding High school; Thomas Zuck, on leave of absence for service in the armed forces, Edlinton, special substitute at Mark Street building; Zelda Sweeney, Pearl Street building for the remainder of the year; Helen Gault, Oakland Heights building.

Rental of the Armory floor on a weekly basis was approved as follows: 3 to 4 p. m. Monday, Tuesday, Wednesday and Friday; 3 to 5 p. m. Thursday; 7 to 10 p. m. Wednesday or Friday, optional. Tentative dates for the use of the building are each week from Nov. 28 to the first of March.

Bills in the amount of \$6,833.89, were approved.

SOVIET REBUFS U. S. IN IRANIAN DISPUTE

By The Associated Press
WASHINGTON, Dec. 4.—American officials studied possible new moves in the Iranian dispute today with little evident hope of bringing an early end to Big Three differences over Red army activities there.

Russia's rejection of a United States proposal for withdrawal of all Allied troops by January 1 left this country in a position of having supported in vain the Iranian government's demand that Soviet forces stop interfering with the movement of Iranian troops.

Michael J. McDermott, state department news officer, said last night American troops still are to be withdrawn by year's end. The United States had told Russia and Britain that if their forces, which divided the country between them for strategic reasons during the war, would also get out now the danger of further incidents in Iran would be ended. The British have not replied. The Russians are understood to have said that since they already had agreed with the British to withdraw by March 2 they see no reason for changing the agreement.

ALL GRAIN FUTURES BUT CORN DROP OFF

By The Associated Press
CHICAGO, Dec. 4.—All grain futures, with the exception of corn, were depressed in today's trading, recording losses of as much as the permissible 5 cents on the nearby rice contracts.

Rye was off 5 cents at the start continuing yesterday's decline and exhibited little inclination to recover. Trade authorities said the decline might be expected to continue until the gap between present prices and ceilings of \$1.44 1/2 effective next June 13, were closed.

Wheat and oats declined with rye, after showing some steadiness at the start. Selling in wheat was said to be profit cashing by commission houses. All deliveries of corn held at the ceiling, \$1.18 1/2.

WINTER SCULPTURE—This winter scene resulted when visitors laid an icy hand on "The Meeting of the Waters" fountain at St. Louis. The water was turned on by mistake.

CLAMOR TO SEE QUINTUPLET CALVES. Visitors from far and near are reported swarming at the Leo Schmidt farm near Fairbury, Nebraska, for a peep through barn windows at the five calves born recently to a seven-year-old cow that never expected fame. Shown with Leo and Dr. Smith, the calves were named for the U. S., Russia, China, France, Great Britain. (International)

LOVE'S FAIR HORIZON

By ADELE GARRISON

MARY was silent for fully five seconds after I had told her of George's jealousy of Noel because of Olin.

I also was mute, wondering if I had been just a bit too late in revealing what I had not but be humiliated to her.

Then, characteristically, she threw back her head and laughed until she had to wipe her eyes. It was whole-hearted laughter and if there was a note of bitterness or humiliation in it I could not detect it.

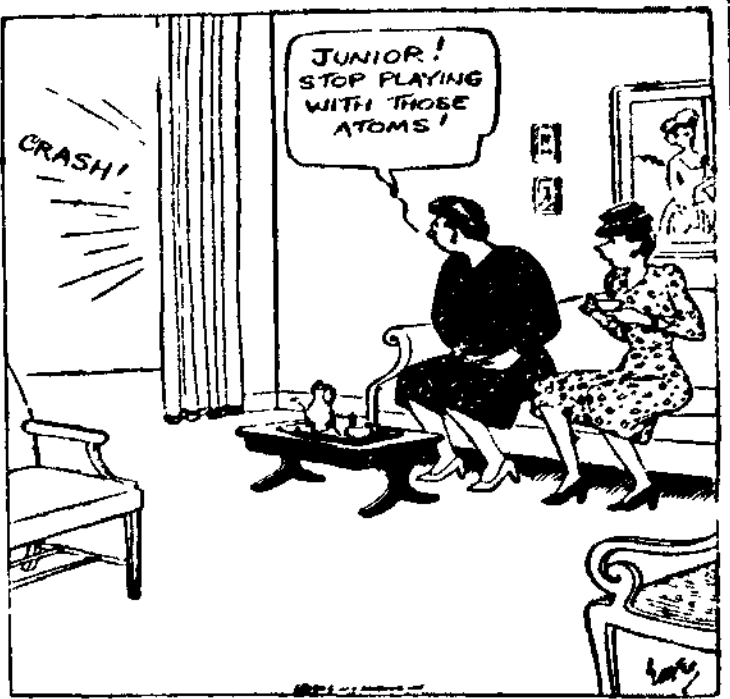

Never in Love

"This is certainly one and at least five years on a year," she said at last. "I must admit I said to George, that he was really was in love with me, that if he had been, he would have shown his disgust and as soon as plainly on his reaction. But and this is in capitals—I really thought since he came back this time he was casting a romantic eye over two in my direction, not at the children. 'For keeps' but just enough to make things interesting."

"And now it turns out that he

YOUR HEALTH

By HERMAN RUNDSEN, M.D.

Penicillin

In 1944, it was suggested that certain types of throat infections might be successfully treated by using a pistille or lozenge containing penicillin.

Doctor P. Robinson of England has employed such lozenges as well as other methods of treatment in clearing up certain conditions affecting the throat, particularly streptococcus gonorrhea. He carried out studies on a group of soldiers in a small Italian town among whom there were large numbers of carriers of the hemolytic streptococci.

A number of the men developed acute tonsillitis. If their temperatures did not rise above 102 degrees for more than two days, no treatment was employed. Some attempt was made to get rid of the germs in the throat by spraying with sulfathiazole powder or penicillin powder but it was found that these methods failed completely.

Patients who had fever for a number of days were given sulfathiazole by mouth but the results were not good. Because of the favorable results obtained by using penicillin pistilles they were also tried. They were held in the mouth and sucked until they dissolved. Ten pistilles were given daily at intervals of one and one-half hours.

Cultures were made from the throat before the treatment was started and after the symptoms cleared up. It was found that with this method of treatment cure of the infection were obtained much more rapidly and that there was no recurrence of the infection.

The pistilles were also used in patients who developed peritonsillar abscesses, which are abscesses of infections in the tissues near the tonsils. It was found that in these cases also the use of the pistilles speeded recovery of the patients and in most instances got rid of the germs in the throat.

There is a condition known as erythema nodosum which often may develop in patients with streptococcus infections. It is a disease of the skin in which a red, raised, and discolored area appears on the face. It is thought that the use of the pistilles may not only check the attack of erythema nodosum but may prevent this condition in patients who have streptococcal throat infections.

Thus it would seem that the use of penicillin in lozenges or pistilles may be of great value in overcoming certain types of throat infections.

KEEP HIM SAFE

his 250,000 Godfathers no longer can!

Yes, he's a war baby, born after December 7, 1941, the date that will live in infamy. Since then some 250,000 American men have died that he might live and grow in a world of peace—that he may never have to take up arms to defend his country and his loved ones.

Our heroic dead have left us a legacy—and a trust. To us they have given the knowledge that free men will fight, and die, to preserve that freedom, not only for themselves but also for those who come after them.

To us, too, they leave the solemn duty of making certain that America will remain spiritually, economically and physically sound... truly a land of freedom and opportunity for little children, rich and poor, in a world at peace.

Think of those who fought and died—and then join with a generous heart and an open pocketbook in this last great Victory Loan. The money we lend will help to lay the groundwork of a fair, better America. It's our last great fight. Let's stand shoulder to shoulder till it's won.

Following the Victory Loan, the sale of U.S. Savings Bonds will continue through regular collection agencies and through the Payroll Savings Plan.

Victory Bonds Needed To Give Wounded Vets Medical Care

(This is the fifth and last of the articles appearing in the "Victory Bonds" series.)

WASHINGTON, D. C., Dec. 4.—It takes about \$7,000 to establish a veteran's hospital bed and about \$5 a day to keep a man in a hospital.

These are among the expenditures the nation faces as it attempts to care for the 1,000,000 wounded veterans of the war. Something like \$2½ billion is expected to be needed between now and the end of the government's fiscal year next June 30 to handle aid of various kinds to veterans.

Other war-related expenditures will require \$5½ billion more during the rest of the fiscal year, including \$3½ billion in interest on the public debt and \$2 billion in tax refunds.

Vocational Rehabilitation.

Besides hospitalization, every veteran with a service-connected disability is entitled to vocational rehabilitation which may extend over four years.

A veteran may go back to school and receive up to \$75 a month for subsistence and up to \$500 a year for tuition, books and supplies. If he does not go back to school and is unable to find employment, he is eligible for unemployment compensation up to \$20 a week for a year.

More than 600,000 veterans of this war who suffered physical disabilities are receiving pensions.

Monthly payments also are going to the dependents of nearly 1,000,000 men and women who paid the supreme sacrifice. The veterans administration is paying pensions or disability compensation now to more than 1,000,000 persons, largely as a result of war expenditures. The public debt in five years has risen from \$50 billion to more than \$200 billion and something like \$3½ billion will be paid in the last eight months of the fiscal year in interest.

The treasury is proud that the average interest rate on outstanding securities is only 1.9 percent compared with 2½ percent five years ago and 4½ percent on the debt of the first world war. A rate today as high as the latter would require an outlay in interest for the rest of the fiscal year of \$7½ billion instead of \$2½ billion.

Direct War Costs.

In addition to the \$8 billion estimated cost of veterans' benefits, interest, and tax refunds during the November-June period, \$28 billion is expected to be spent for such direct war costs as pay and subsistence of the armed forces, military equipment and operations, returning veterans to their homes, and war contract cancellations.

Another \$4 billion, bringing total government expenditures for the 8-month period to \$38 billion, is estimated as the cost of general government operations and certain non-recurring items. The latter include \$1-1½ billion for participation in the Bretton Woods program and \$1 billion for expansion of the capital stock of the Export-Import Bank.

It is to aid the government in financing the heavy load of war-incurred expenditures that the treasury is hoping to sell \$11 billion in bonds during the Victory Loan, which continues until December 8. It is the eighth and last time that the treasury will promote an organized drive to help pay the bills of victory. In the first seven loans the public answered by investing a total of \$135,749,000,000.

Scientist Says Suicide Squad Set Off First Atomic Reaction

By The Associated Press

CHICAGO, Dec. 4.—A scientist disclosed today a "suicide squad" stood by as the first atomic reaction was started here, ready to sacrifice their lives to save the city had an explosion threatened.

Dr. Walter H. Zinn, who created the first atomic pile beneath the University of Chicago's football groundstand, described the precautions to a group of state chemists in the 4-H Westinghouse Electric contest attending the National 4-H Club Congress.

Dr. Zinn said a group of University of Chicago scientists was prepared to halt the experiment "before the whole pile exploded like a thousand atomic bombs in one." They expected to be killed, he said.

The pile was composed of blocks of pure uranium and graphite, Dr. Zinn stated, and the group believed that when the metal rods were withdrawn from the lattice-like structure the chain reaction would begin.

"I pulled out the control rods and all of us watched for the result as we never watched anything before," he said. "The neutrons came with constantly increasing rapidity. Then the control rods were pushed back into the pile and the chain reaction stopped."

Husband and Wife, World War II Vets, Join Legion Post

Robert W. Collins and wife, Helen M. Collins, of 428 David street, are the first couple from World War II service to become members of Burn-McGinnis Post No. 162, American Legion. It was announced today by L. J. MacDonald, county commander.

Both discharged from the armed forces, Mr. Collins is a veteran of three years and nine months Army service. Mrs. Collins served in the Wacs for 18 months.

Verne I. Mounts Post No. 388 at Prospect also has a man and wife in the post for the first time. Lt. Charles E. Almendinger Jr. and his wife, Lt. Naomi Gast Almendinger, have become members. Lt. Almendinger is the son of Mr. and Mrs. C. E. Almendinger of Prospect and at present is serving in Japan. She is with the Army Nurse Corps and is now in Manila. She is the daughter of Merle Gast of Prospect.

The Prospect post also has in its membership, Lucille Court Liscomb, discharged from service in the Wacs. Her father is a past commander of the Prospect post and was a member of the First division in World War I.

All women who served in the Marines, Wacs, Waves, Spars and the Army Nurse Corps are eligible to join the American Legion. The Legion is the only service organization which admits women on an equal membership with the men. Miss Hallie Houck, formerly employed on the news staff of The Star and a former member of the Marine Corps, Women's Reserve, was the first of any of the local members of the women's corps to join Burn-McGinnis Post.

The post has exceeded its last year membership and is now striving for a goal of 200 per cent. Their total membership now is 362, which tops the number last year of 359.

LETTERS FROM OUR READERS

PLEA FOR PROHIBITION

Editor of The Star: I wonder if it is not time that the people of Marion County wake up and see what liquor and beer are doing? Just look at the divorce list in our daily paper. And they say that 80 per cent of the divorces come from the use of liquor.

If all the drinks that are seen on the streets of Marion were arrested and put in jail, Marion would have a bigger jail. Why do people drink such stuff? If we would give the people poison to drink, would they drink it? No.

They don't consider liquor poison. How can we teach them different? The cost of alcohol to the nation in the form of crime is almost beyond comprehension. Miss Helen Estelle in her annual address to the W. C. T. U. says mental hygiene statistics estimate that the economic loss to the nation of those who drink in cost for police, jails, courts, hospitals, accidents, and decreased earning power, amounts to ten billion dollars annually.

Liquor is our No. 1 traffic safety problem, for from 40 per cent to 60 per cent of all death and injury accidents caused by autos on the highways are traceable to drink. Why give men and women something to drink, then turn right around and build alcoholic hospitals to cure them? Is this wise?

There will have to be established Loyal Temperance Legions to teach the children the beauty of lives free from drink. God pity the little children. Why don't we start now to do our best to apprehend this awful enemy? During this war the liquor distillers have had more control than the government. If you don't believe this ask our soldiers. Woe unto him who giveth his neighbor drink.

Don't say we have delinquent children. Say delinquent parents. Not long ago a boy was brought before a probate judge in Indiana for delinquency and after the judge looked his case up he found his father had been arrested 49 times. What could you expect of this boy? Drinking parents handicap children 20 to 40 per cent. Now let us church people awake to our duty, get out and vote for prohibition. You're going to have a chance in 1948.

Bethlehem Grange To Buy New Regalia

A meeting of Bethlehem Grange was held Thursday in the Grange hall with Ralph Williams, master, in charge. It was voted to purchase new regalia and Lowell Beringer, Paul Fogle and Earl Augenstein were named in charge of the selection. Mailing of Christmas boxes to the boys still in service is in charge of Esther Augenstein and Mrs. Ralph Williams. A donation of \$5 was given to the anti-tuberculosis campaign. Carole Williams reported on the rummage sale held last week.

The following program was presented under the direction of Mrs. Lowell Beringer: group singing, a reading of the first Thanksgiving by Bety Fogle, a musical selection, "Bell Bottom Trousers," by Jean, Jane and Jerry Fogle, Evelyn Mehaffey and Brent Beringer, all attired in sailor outfits. Gordon Eichhorn, recently acclaimed National Star Farmer, talked on the opportunities of the farm and explained the F. F. A. offer to the youth of today. A trumpet solo was presented by Robert Kaelber with Miss Hazel Clunk playing piano accompaniment. A reading by Evelyn Mehaffey preceded a debate on compulsory military training by Robert Rice and Robert Howard. A duet by Mrs. Grace Briggs and William Clunk completed the program.

GREEN CAMP CLUB MEETS

GREEN CAMP — Mrs. Grace Weston entertained the Happy Homemakers club last Tuesday at an all-day meeting. Mrs. Mildred Ruth and Mrs. Wanda Dennison were appointed to arrange the club's part in the Farmers' Institute. The club arranged to fix a basket for a needy family for Christmas. Devotions were led by Mrs. Velds Sloat. The program was in charge of Mrs. Mary Thorpe.

Reve His Constipation

Are you getting only temporary relief with harsh laxatives? Then read this sincere, unsolicited letter:

For over 20 years I have been troubled with constipation. When I saw a package of KELLOGG'S ALL-BRAN cereal, I said, "Phooey, I don't believe it!" It was two years ago. Now I eat ALL-BRAN every day. I have passed my stool every day. I am as regular as clockwork. P. M. Hamilton, 400 E. Chatham St., St. Louis, Mo.

 MANILA, Dec. 4—The Navy's activity along the Philippine sea frontier indicates that the U. S. Navy does not intend to be caught unprepared against the Philippines at least.

Navy plans are shrouded under restrictions, but even a casual traveler can see signs of planning a firm western anchor for a chain of bases stretching 6,000 miles across the Pacific, from California to the fringes of Asia.

WAR TRIAL

(Continued from Page 1)

cross continued, Hitler "turned back" to the east and on June 22, 1941, German armed forces invaded Russia—without warning, without a declaration of war.

This had been contemplated, the prosecutor declared, in a Hitler order of Nov. 12, 1940, which said: "The German armed forces have to be ready to defeat Soviet Russia in a swift campaign before the end of war against Great Britain."

Critics Distorting War Trial Action, Jackson Declares

By The Associated Press

NUERNBERG, Dec. 4.—Justice Robert H. Jackson, chief U. S. prosecutor at the Nuernberg war crimes trial, charged today an Army-Navy Journal article criticizing the prosecution was a "distortion of the course of action we are pursuing."

"The author xxx has quite obviously never taken the pains to read my opening statement in this trial," Jackson said.

"I pointed out that we were not prosecuting these militarists for serving their country, but for mastering it and driving it to war; not for fighting a war, but for 'promoting it'."

"In the prisoners' dock are represented several professions, including the lawyer. These professions are not being indicted or tried because they belonged to a 'profession' but for crimes, among others of planning an aggressive war which bathed the world in blood."

Calls It Nonsense

"The position of the author and those for whom he speaks so inaccurately seems to be that it is alright to punish somebody for illegal war-making, shooting American prisoners of war and murdering and enslaving civilians—so long as you don't get the men who actually did it. This makes nonsense to me."

Li. Col. Murray Gurfein, who was named with Maj. Gen. William J. Donovan and Col. Howard Brundage in the Army-Navy Journal article as having left Jackson's staff in a disagreement over prosecution of the trial, issued a statement denying the Journal's article. Donovan and Brundage were not available for comment.

Gurfein declared, "Nobody is being tried as a professional soldier. The issue is whether crime against peace and humanity have been committed by politicians, statesmen or people in uniform, regardless of profession."

A statement from Jackson's office said Col. Brundage had asked for discharge from the Army on Oct. 6 to return to private life and practice and the request was approved. Brundage and Donovan never met during their stay in Nuernberg, the statement added.

Journal's Remarks

The Army-Navy Journal, a non-official publication issued in Washington, said in an editorial: "Proper resentment is being manifested in the senate at the attempt of Associate Justice Jackson to establish in the Nuernberg trials a principle of international law under which professional soldiers, sailors and airmen shall be convicted as criminals on the mere ground of membership in high commands or general staffs."

"Doubtless this kind of blather-skite is due to Mr. Jackson's desire to let no guilty German escape, which accords with American, as well as world, wishes but it is obvious that blanket condemnation such as he is seeking to obtain is evasive of the very essence of justice."

"Moreover, it does not conform with civilized practice nor with the provisions set forth in the Hague convention of 1907 and the Geneva prisoners of war treaty of 1929."

"He (Jackson) should be given instructions by the President to abandon a course that has no basis of justice, or the war and navy departments should condemn it, else gentlemen of ability and experience will not be disposed to hold or seek commissions."

7 MONTHS ENROUTE

By The United Press

ITHACA, N. Y.—Seven months after Joseph Conley service station proprietor, sent a package of candy bars to a former employee, Sat. Gale Terry, in France, Terry received them at Conley's gas station.

Shortly after Conley mailed the candy, Terry was wounded, hospitalized and later returned to the States. He received a medical discharge and was back at his old gas station job when the package finally reached him.

COUNTY'S WAR CHEST TOTAL NEARER QUOTA

Now Over 81 Per Cent; Veterans' Center Gets Aid.

A trifle more than 81 per cent of the 1945 Marion County War Chest goal of \$90,000 has been reached, the financial report presented at a meeting of the board of trustees of the Marion Community Foundation, Inc., sponsors of the drive, last night at the foundation office showed.

Following presentation of proposed plans for establishment of a Veterans' Information Center at a community service to certain service men and women, the board authorized allocation of any remaining funds in the War Finance Committee's budget, after that organization has officially placed its work, to aid in financing the project. The plan for the establishing and financing of the proposed center was presented by Louis Michel, secretary of the Marion Chamber of Commerce.

He told of the immediate need of such a community service and stated that 43 cities in the state now have centers in operation.

A letter was read from Mrs. O. G. Stephenson, chairman of the Marion War Service Men and Women, stating that the fifteen would have one of the centers, pressing the group's appreciation of the support and cooperation of the project. E. L. Cleveland, chairman of the foundation, asked the board to be thinking of the 1946 campaign, when plans are expected to get under way.

The next board meeting will be held Jan. 7.

LAUSCHE ASKS OHIO TO OPEN UP HOMES

COLUMBUS, O., Dec. 4.—Gov. Lausche wants Ohio's cities to rent their spare rooms to returning veterans and families to help alleviate the housing shortage.

He also wants "the building of ornamental front, store rooms, bar rooms, billiard parlors and other structures deferred until the housing problem is solved."

After conferring yesterday with two dozen business men, government and city officials, representatives of labor, banking institutions and veterans organizations whom he had called together to discuss the problem, the governor said the consensus was that "the lack of building materials and manpower" was responsible primarily for the dearth of housing, and added:

"I am appealing to the people of Ohio in the larger centers to make available spare quarters that they may have for the use of the servicemen and their families; that building contractors, craftsmen and material men exert every effort to expedite the building of homes, and that the building of ornamental fronts, store rooms, bar rooms, billiard parlors and similar structures, that can reasonably wait, be deferred."

He said he would ask Ohio's senators and Congressmen to advocate that temporary federal housing units partially completed "be made available immediately." He said he also would urge allocation of a \$25,000,000 item in a bill pending before congress for housing purposes.

JOHN FROST DIES AT HOME NEAR BYHALIA

Illness Fatal To Former Resident of Marion.

Special to The Star

RICHWOOD, O., Dec. 4.—John Frost, 75, former Marion resident, died at his home near Byhalia at noon yesterday of a cerebral hemorrhage following an illness of one year.

Born Aug. 6, 1870, in Berkshire, O., he was married in May, 1918, to Mary Helen McSinn. His wife preceded him in death in 1927. Mr. Frost was employed as a blacksmith at the Marion Steam Shovel and Osgood companies before he moved to his present home in 1929. After leaving Marion he was engaged in farming.

Surviving are two daughters, Mrs. Everett Stidings of West Center street, Miss Agnes Frost, at home, a son, John Jr., of Marion, two sisters, Mrs. Ray Van Sickle of Sunbury, Mrs. John Edwards of Johnstown and a brother, William Frost of Berkshire.

Funeral services will be held Wednesday at 10 a. m. in the Winter Funeral Chapel near the Rev. Charles Cramer of York Center officiating. Burial will be in Berkshire.

FUNERAL PLANS DELAYED

Pending Hunt for Kin

Funeral arrangements for Dave Everett Gillman, 59, of 202 Huguenot avenue, are still pending while the search for relatives continues by Sheriff Roy Rietler. Mr. Gillman who dropped dead Saturday afternoon in a woods near Marion, was a truck maker. The date of his death in war bonds is indicated the search for surviving relatives. The body was taken to the Edwin K. Smith Funeral Home.

HOUSE SPEEDS STRIKE ACTION

Many Seek More Drastic Law Than President Proposed; UNO Debated.

By The Associated Press

WASHINGTON, Dec. 4.—President Truman got quick action today on his request for a new labor law.

The house military committee met to consider the proposed law 24 hours after he made it. But it was clear some elements in congress would seek a more drastic law than the President asked for.

Mr. Truman proposed that no major strike be allowed to occur until after an impartial board had studied the dispute and given the facts to the public.

Want Teeth in It

Several members of the house committee—including Chairman Andrew May (D-Ky)—told reporters they went beyond the union and the employer to accept whatever recommendation is made by the impartial board. This amounts to compulsory arbitration.

Congress saw these other developments today: The senate entered the seventh day of its debate on a bill outlining the procedure of U. S. participation in the United Nations Organization. All attempts to amend the bill failed. The debate has broadened into the whole field of international relations.

Senator Arthur Vandenberg (R-Mich) suggested it might be necessary for the U. S. to guarantee the security of each country against any further aggression by a rejuvenated Germany or Japan.

Argue for Prestige

Senator Joseph O'Mahoney (D-Wyo) argued that the U. S. should help build up the importance and prestige of the United Nations assembly, on which all the United Nations are represented.

Senator James Mead (D-NY) proposed that the senate meet earlier and longer to complete action on the UNO bill and take up a house-approved \$550,000,000 contribution to UNRRA.

Army-Navy Merger.—The semi-military committee met to hear Fleet Admiral William D. Leahy, president of the committee, give his views on whether all the armed services under a single cabinet head.

The OPA.—The senate small business committee swung into public hearings on price control policy.

WAR CRIMINAL LIST ADDS TO JAP GLOOM

TOKYO, Dec. 4.—The diet, with 26 members named on General MacArthur's latest list of wanted war criminal suspects, was portrayed today by one member as feeling "as if an all-enduring, big shell has dropped on a neighbor's house."

Under such a cloud, the nation's gloomy financial situation was discussed only halfheartedly. The diet heard yesterday that heavy tax increases are ahead.

Kyodo news agency quoted Finance Minister Keizo Shibusawa as saying the government has decided to reimburse investors for the loss of Japanese assets estimated at approximately 110,000,000,000 yen (about \$7,000,000,000) in Manchuria, China, Korea, Formosa, Sakhalin and southern Pacific areas.

Presumably all Japanese assets abroad are to be seized for reparations.

Meanwhile, supreme headquarters announced there would be no special dispensation for Prince Norimasa Nashimoto, first member of the Imperial household named as a suspected war criminal.

Foreign Minister Shigenori Yoshida asked headquarters yesterday for a reprieve for the aged prince.

Y BOYS' WORK HEAD ON PASTORS' PROGRAM

George Charlesworth Speaker At Meeting of Ministers.

At a meeting of the Marion County Ministerial association Monday morning in the Y. M. C. A. George Charlesworth, boys' work director for the Y. M. C. A., spoke on his work and told the Y. effort to work with churches of Marion in the interests of the youth of the city.

Rev. E. M. Hertzler reviewed "The New Education and Religion" by J. Paul Williams.

Announcement was made that the offering from three union services held in the county Thanksgiving eve amounted to \$114.78 and will be forwarded to the Federal Council of Churches agency for overseas relief. Belief in Hitler As Divine Leader Faces Allies Yet

By DEWITT MACKENZIE AP World Traveler

LONDON, Dec. 4.—It is a staggering commentary on the gullibility of man that, while the British at Nuernberg are opening their war-crimes case against the 20 Nazi leaders, the English press should be blazoning reports of the discovery of a "Legion of Christian Reforms" who hold that Adolf Hitler was "a divine instrument sent by God to judge the world."

This sensation had its beginning in the purchase of a granite bust of Hitler at an auction of former German embassy furnishings in London for \$2,000.

The purchaser was Capt. R. R. Gordon—Canning, one-time member of the British Union of Fascists and of the Anglo-German society "The Tank." He was imprisoned for two years during the war under defense regulations. The bust is said to have been given a home at headquarters of the cult in a stone mansion, with 16 acres of grounds, in the lovely Sussex countryside.

Secret of Power

It was German belief in Hitler's Messiahship that was partly responsible for his hypnotic hold on his people. During a visit to Germany in 1938, I followed him through the tateful conferences with Chamberlain at Berchtesgaden, Goebbels and Munich, saw his amazing leadership in Berlin and went into little Czechoslovakia's Sudetenland when he made his triumphal entry to annex this territory which he had forced from the helpless Prague government.

Worship of Hitler was strong in many sections, and I mean worship in the religious sense. I may have mentioned in this column before that some newspapers which formerly had couched their denunciations in language something like "here died in the faith of his Lord Jesus Christ," etc., had adopted the shocking phrase, "here died in the faith of Adolf Hitler."

Encouraged Belief

There is some question whether Hitler at the outset regarded himself as a Messiah, although he did believe that he was divinely ordained to carry out his program. However, he encouraged the belief in his own divinity, and his captains spread this revolting creed. Ultimately, he probably came to believe that he was indeed the Messiah, so colossal had become his ego.

One is strongly reminded of Dean Lowell's novel, "The Leatherstocking God," which, if the memory serves me right, dealt with a revival of a century ago in the northwest of America. This preacher possessed a hypnotic personality which persuaded his followers that he was Christ. Gradually he became to believe the same himself, and this delusion was shattered only when

he failed to perform the miracle of transforming a bolt of homespun into a suit of clothes.

There is grave danger in any revival of this terrible creed, for it will render the task of the Allies more difficult in cleaning up Europe and especially in bringing Europe to its right mind. It must be uprooted whenever it is found, and it is a sharp warning to the Allies that there must be no weakening of the original program to kill Hitlerism at all costs.

Civilians Figure In

Lucas noted, however, that "Everywhere where American citizens predominated in the population, the instructions were the same." Lucas said, "It was only in the Philippines that they were different."

Previous Pearl Harbor inquiries had disclosed that Short contended the instruction not to disturb the civilian population in the Philippines was not followed.

Lucas said that Short "gave definite instructions not to do something that General MacArthur was not warned against."

Gearhart said this seemed evidence Short was "given definite instructions not to do something that General MacArthur was not warned against."

culated that the 1 p. m. Washington hour was dawn in Hawaii. "I don't remember that that point was stressed," Miles replied.

Records filed with the committee showed that the penciled warning message written by Marshall was dispatched to Lt. Gen. Walter S. Short, in command at Hawaii by Western Union at 6:47 a. m., Hawaii time, about an hour before the Japanese attacked.

It had been taken to the war department message center here at 11:50 a. m. Washington time, by Col. R. S. Bratton, the Miles memorandum showed. However, the log of the message center showed its receipt there at noon.

According to the log it was received in Honolulu at 7:33 a. m., a few minutes before the attack, and was not delivered to the signal officer by "an oriental messenger" until 11:45 a. m. It was not finally decoded and delivered to Short's staff until 2:58 p. m., seven hours and three minutes after the attack began.

Senator Lucas (D-Ill) said today Gen. George C. Marshall would be asked why he didn't warn Lt. Gen. Walter S. Short the anti-sabotage alert in effect at Pearl Harbor when the Japanese attacked was not sufficient.

The former Army chief of staff testified Thursday before the Pearl Harbor investigating committee.

The Illinois senator added that the same question would be put to Maj. Gen. Leonard T. Gerow, former chief of the Army's war plans division, when he follows Maj. Gen. Sherman Miles to the stand.

Differs with Gearhart

Lucas took issue with Rep. Gearhart (R-Calif) over the significance of a difference in warning messages Marshall sent Short as Hawaiian district Army commander, and Gen. Douglas MacArthur, in command in the Philippines, on Nov. 27, 1941.

The messages, which said "negotiations with Japan appear to be terminated to all practical purposes," were similar except for the portion of one sentence: "Marshall messaged Short."

You are directed to undertake such reconnaissance and other measures as you deem necessary but these measures should be carried out so as not to alarm civilian population or disclose intentions."

From the message to MacArthur the part of the sentence beginning with "but these measures" was not included.

Gearhart said this seemed evidence Short was "given definite instructions not to do something that General MacArthur was not warned against."

Lucas noted, however, that "Everywhere where American citizens predominated in the population, the instructions were the same." Lucas said, "It was only in the Philippines that they were different."

BIG SALES TO PUT VICTORY LOAN OVER

By The Associated Press

WASHINGTON, Dec. 4.—The \$11,000,000,000 Victory Loan will be over-subscribed but it may fall short of success in one important feature—the sale of E bonds to individuals—War Finance Director Ted R. Gansbie said today.

The big goal is to top up \$2,000,000,000 of individually-held E bonds and thus divert it from inflationary spending.

The treasury and its war finance division have a pattern of daily sales expectancy which, it realized each day, would meet the goal, but in the last 12 days sales met the pattern only once. During that time sales lagged a total of \$77,000,000.

Actually E bond sales to date still are above the pattern, but the margin is only \$62,000,000—against a \$77,000,000 lag in the last 12 days.

There still is \$963,000,000 to go to meet the \$2,000,000,000 goal. The drive ends formally Saturday night, but E bond sales will be counted through month's end.

FARMERS' LOANS REPAID

By The United Press

COLLEGE STATION, Tex.—A survey by the Texas A. and M. College Extension Service shows that produce sold during the war has put almost all Texas co-ops on a sound financial footing. The Houston Bank for Co-Operatives said that during the war 125 farmers' co-operatives repaid in full their loans from the bank.

Membership of co-operatives increased 80 per cent in three war years, a survey showed.

Quenced him in his decision to remain on a No. 1 anti-sabotage alert instead of going to the full No. 3 alert, under which every man would have been at his battle station.

Death of Hiram L. Uncapher Recalls His Part in City's Early Development

The death in Canton, S. D., of Hiram L. Uncapher, a pioneer Marion County resident, recalls his part in the early development of the city. Through his efforts, the southwest section of Marion became one of the fastest growing parts of the city previous to and following the first World War. A large section of the Uncapher homestead farm was developed into the section known as Oakland Heights. Residences soon completely surrounded the homestead, which had been built by his father in 1856 and in which he resided and reared his family until the mid-1920's.

Gave Park Land. In remembrance of his own childhood days, he gave to the city two parks for children, which he considered "the world's greatest achievement." One park included land upon which his father built their log cabin in 1834. This later became part of the ground now occupied by Edison Junior High School. The second park, Marion, which lies located directly in front of the

homestead, was formally dedicated to children and named Roosevelt park in 1930. It is located at Beneficence avenue and Madison road.

When a child, Mr. Uncapher had attended school in the annex of the present Central Junior High School, and in 1858, as a boy, sending a log wagon on Burrows road, now Beneficence avenue, near the present railroad. Mr. Uncapher conceived an idea for a milk delivery service direct from the farm to the customer. The village people at that time would ride horseback into the country for milk, pay for a six-cent toll. In 1890 his idea was carried out in establishment of one of the first milk delivery routes, and direct to customers from the homestead farm. Along the route customers were attracted by blowing of a horn and would come out with pans and pailers to have them filled from large milk cans carried on his wagon.

Sold Farm Implements. In 1903 he became connected with a farm implement company for whom he traveled by horse and buggy to various parts of the country selling machinery and instructing customers in methods and use of more modern farm implements, and became widely known by residents of the country as well as by those of the town.

Dec. 21, 1881, he was married to Allie Barks. Two daughters and a son were born. Their mother died in 1912. In 1915 Mr. Uncapher married Perella Hamilton of Gary, Ind., who preceded him in death in 1917. He was married in 1921 to Mayme Lynch who survives. Surviving also are his daughters, Mrs. J. M. Roseberry and Mrs. William Kenyon. In whose homes he spent much time in Marion, his son Herbert in whose home he died, a stepdaughter, Mrs. Twila Weaver of Marion, 15 grandchildren and 15 great grandchildren.

Funeral services will be conducted at 3 p. m. Wednesday in the Merle H. Hughes mortuary on Mt. Vernon avenue by Rev. Howard L. Oldewill, pastor of First Presbyterian church here. Burial will be in Marion cemetery.

FIGHT BERLIN VICE
By The Associated Press
BERLIN, Dec. 4 — The four powers occupying Germany, aided by German civilian police, are pushing a drive against vice and delinquency which is bringing in about 2,500 Berlin women and girls weekly up to last week, 50 per cent of those examined had venereal diseases. One senior American medical officer estimated there are 250,000 women of "easy virtue" in Berlin.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 million of tiny tubes or filters which help to purify the blood and keep you healthy. When they are tired and don't work right in the daytime, many people have trouble at night. Frequent urinary passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, peaceful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause morning headache, rheumatic pain, leg pain, loss of appetite and energy, swelling, puffiness under the eyes, headache and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully for years for over 40 years. Doan's gives happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Green Sees Need For Huge Housing Drive

WASHINGTON, Dec. 4.—William Green, AFL president, said today at least 6,000,000 families of returning veterans would need adequate housing within a year and that a large-scale housing program "is America's order of the day."

Green, in testimony prepared for the senate banking committee, urged passage of the Taft-Wagner-Elender housing bill.

The bill would consolidate all federal housing activities in a permanent national housing agency and establish, as national policy, government aid to private enterprise in home-building and aid in slum clearance.
